AMENDMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

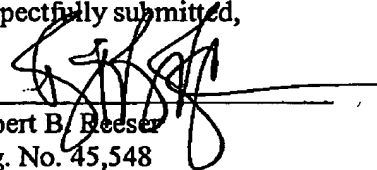

Sir:

This amendment is submitted in response to the Office Action dated October 20, 2005. In response to the election requirement set forth in the Office Action, Applicant elects for prosecution in this application all claims of Group I as identified in the Office Action. Claims 1-15, drawn to a method for providing access based on user profiles.

The restriction requirement is traversed because the inventions set out by the claims in Groups I and II clearly are related. It is believed that a thorough search and examination of either claim group would be relevant to the examination of the other group. In addition, requirements for restriction are not mandatory under 35 U.S.C. Accordingly, reconsideration of the restriction requirement is requested.

In view of the foregoing amendments and remarks, all the claims now active in this application are believed to be in condition for allowance. Reconsideration and favorable action is respectfully solicited.

Respectfully submitted,

Robert B. Reeser
